Dear Art:

First of all I have just wired you asking will you be kind enough to get rooms for the team for Saturday night. We are playing in East Orange Saturday afternoon, and would have to leave Newark very early Sunday to get to Washington in time for the game. Mackey prefers bringing the men to Washington after the game Saturday.

Next this gives me a chance to write you about your book. It is really swell. If I had seen a copy of it, I would have been anxious to have you bring it to Newark before you did. I wish all our baseball fans could have a copy.

When do you plan the next edition? I hope we will win the penant this year, so you will be anxious to carry some news of The Eagles. The team looks very good, and the games this week should almost tell the story of how the teams will finish in this half. Mackey is a story all by himself. It is really remarkable the ball he is playing, and the responce he is getting from the team. He admits he is 47. If you have time Sunday you should talk to him and get a little first hand information.

I am planning to come to Washington Sunday. I will leave here 8.45.AM. That will get me to Wash. about 12.30. If you happen to be in the neighborhood of the station meet me. Washington is one of the worst places in the country to get a cab. I can understand you may be to the park by that time, so if I dont see you at the station, I will see you at the park.

Sincerely
